

16/04 Letter to Oaklynn School Community

Kia ora Oaklynn whānau,

As we head into Week 1 - Day 2 of our 'Learning from Home' phase I hope this finds you well in your bubble. Teachers will be contacting you this week to find out how you want to be supported during this learning from home phase.

At Oaklynn we are aware that all families will be juggling the demands of running households, supporting the learning of young people - whether they be students at Oaklynn or at other schools and caring for others in your bubble. There is a lot going on!

BE KIND

We are reminded frequently of the need to be kind to ourselves and to each other. We are all in this together.

Jacinda Ardern recently spoke to psychologist Nigel Latta - go to this site to watch this video and get some very useful tips on how to stay safe and sane in this lock down period.

RESOURCES for you at home

Oaklynn staff have been working to put together some **FUN and EASY** to access resources / links to help you out at home.

Please find attached a document with some really useful and exciting resources.

This is seen as supplementary to anything else that you might be liaising with your young person's class teacher about.

We hope you find it useful.

Ngā mihi nui

Louise Doyle
Principal
Oaklynn School
